

ORGANIZATION

OUR MISSION

Building healthy relationships, families, and communities free from sexual, domestic, and interpersonal violence.

Peace Over Violence is a social service agency dedicated to the elimination of sexual and domestic violence and all forms of interpersonal violence. Our vision is a world without violence, where no child is abused, no wife battered, no friend raped, no community terrorized. A world without threats, without wounds from intentional actions. Where the strong provide for the vulnerable, where the vulnerable become empowered, where families are safe and secure, and girls and boys and women and men have a fair and equal chance at the pursuit of happiness in a tolerant and talented society.

We provide crisis intervention services and violence prevention education. One on one we listen, counsel, support, guide and work to heal survivors of violence. One by one, we teach teens about healthy relationships, train girls in self-defense, instruct boys in conflict resolution, advise on public policy. We organize and we advocate.

Not only do we believe, we know that violence is preventable.
